Product description

The Compress 10.000 mAh high density power bank is very compact which makes it ideal for on the go. It packs a 10.000 mAh grade A Lithium Polymer battery with an output of 5V/2A. The power bank can be charged via Micro USB or USB type-C. The LED indicator lights up during charging and displays the remaining battery capacity in the power bank. Includes a USB to Micro-USB charging cable.
